Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:

32 Lady Somerset Road
London
NW5 1TU

Proposal:

Installation of rooflight to existing pitched roof to the rear
Drawing Nos: LSRPR01, LSRPR02, LSREX01, LSREX02, LSROS01

The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: LSRPR01, LSRPR02, LSREX01, LSREX02, LSROS01

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017 and Policy D1 of the Kentish Town Neighbourhood Plan 2016.

Informatives:

- 1 Reasons for granting permission:

Planning permission is sought for the installation of a single roof light on the pitched roof of the existing two storey closet wing to the rear of the property.

The size and design of the proposed rooflight is considered acceptable and would not cause harm to the character and appearance of the host property. Furthermore, its location to the rear of the property would ensure no harm is caused to the appearance of the wider area.

The proposed rooflight would not cause harm to neighbouring amenity in terms of loss of light, outlook or privacy due to its scale and siting.

No objections were received in response to the public consultation. The site's planning history was taken into account when determining this application.

As such, the proposals are in general accordance with policies A1 and D1 of the Camden Local Plan 2017, Policy D1 of the Kentish Town Neighbourhood Plan 2016, the London Plan 2021 and NPPF 2021.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these

hours.

- 4 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
