2022/1291/P	Aurore Down	07/05/2022 09:36:10	SUPPRT	<p>As owner of 1 Millfield Place which directly adjoins the application site I would like to express my support for the proposed amendments. We share a boundary with 2 Millfield Lane and would be the most directly effected neighbour where the proposed amendment will be. The cantilevered first floor section will add further modelling and visual interest to the house when viewed from Millfield Place. I like the deeply recessed window and appreciate the introduction of the timber louvers which will avoid any direct overlooking.</p> <p>I have no objection to the rear section being amended to line through with the ground floor. This will have no adverse effect on any neighbours.</p> <p>Generally I welcome the continued design development to create what will be a very interesting contemporary design which will contribute to the character of the Highgate conservation area.</p>
