>> Dear Mr Sheehy,

>>

>>

>>

>> Thank you for your email. By way of clarification, the picture you have
>> sent shows a new wooden fence put up around April/May this year that is a
>> replacement of an old fence that was blown over in the strong winds we
>> had earlier this year.

>>

>>

>>

>> The only difference from the original fencing structure being that the
>> gardening firm who put up the replacement fencing suggested a black
>> plastic backing to avoid water penetration into the fencing itself. The
>> water damage over time (along with the strong winds) was the main cause
>> of the last fence blowing over and having to be replaced so it seemed a
>> good idea to have it backed in plastic. I can however ask the gardening
>> company to remove the black plastic backing but other than this, there is
>> no deviation in the pictured fencing you have sent me from the replaced
>> fencing that had been in place for many years previous.

>>

>>

>>

>> There are no other works going on around the roof terrace area and to
>> this end I enclose a couple of photos of the terrace taken today showing
>> there are no works taking place beyond the fencing and also a front view
>> of the fencing itself.
