Subject: Application ref 2022/1916/T

I refer to the letter to me from Development Management dated 05 May which I received on 13 May, concerning a notification the Council has received in respect of intended work to a tree in the rear garden of 29 Laurier Road NW5 1SH. I live in no. 27.

I am able to comment on the proposal as a next-door neighbour. I live at no. 27. The garden in no. 29 is already well wooded, and removal of the tree in question would make room for the natural development of the other trees. I have no objection to the proposal, and would welcome the Council giving its approval.

I have been unable to access the formal details of the proposal, since every time I click on the given website I get a message saying "The resource you are looking for might have been removed, had its name changed, or is temporarily unavailable.." I am nevertheless sufficiently aware of what is proposed to be able to confirm my view that the proposal should be approved.

Please acknowledge receipt of this email.
