**SUBJECT: Leather Lane Street Art for Mankind Application**

To whom it may concern,

Street Art for Mankind is partnering with United Nations Women and Johnson Gardens to present a landmark mural to raise awareness of the fight for equality, leadership and opportunity for women and girls worldwide.

On behalf of Arax Properties and Johnson Gardens we would like to convey our full support for this project.

The mural is part of an international project already displaying in Paris, Mexico City and New York. London is the next on the list and we have found the perfect spot on the side of the Courtyard Building in Johnson Gardens, visible from Leather Lane food market. We hope that it makes an important connection to the local community.

We, as Landlords of Johnson Gardens, fully support this project.

Yours Faithfully,
