2022/1059/P	Dartmouth Park Neighbourhood Forum	19/05/2022 09:48:35	OBJ	The Dartmouth Park Neighbourhood Forum objects to this application. The proposal is to change a hipped roof to a gable roof, and to insert a large rear dormer and two roof lights on the front elevation. The conversion to a gable roof and, especially, the large dormer, will be visible from the road, as this is an end-of-terrace house. The end of terrace hipped roof is an architectural feature of the late Victorian terrace and the proposed change would not respect that character. The proposal would constitute overdevelopment and would not maintain the character of the Conservation Area.
