

Proposal:

Flat 39 Dudley Court, 36 Endell Street WC2H 9RE

Substitution of Windows in Existing Positions.

This application is for the upgrading of fenestration to the front elevation of this 4th and 5th floor maisonette.

The existing white upvc windows and door are replaced with white powder coated aluminium units with clear glazing.

The windows and door are substantially set back from the street elevation at a high level and will be only minimally visible from the street from a distance.

The application is similar to recently approved applications 2021/6044/P and 2019/1768P.
