Dear Mr Wong
Thank you for your time.

I strongly object to this proposed application regarding the creation of roof terraces.
Anyone on the roof next to us would see directly into our bedroom windows.
And if the terrace were walled it would block valuable light in our otherwise dark flat. These are the only windows that ever get sunlight. Same goes for the skylights for the floor below, which would also be shadowed.
It would overlook the privacy of our own roof terrace.
The noise of people on the proposed roof terrace would be hugely disturbing.
This sunny room and the roof terrace above was the reason we bought the property. We believe our flat would be substantially devalued if the proposal for roof terraces is granted.
Thank you so much

Nina Conti
