Hi,

As a resident of Kings Cross I wanted to get in touch to show my support for the Camden Highline project.

As seen with the Kings Cross estate regeneration opening up disused places will open up further parts of the community to wider economic benefits. It will continue the journey from Kings Cross station linking up wider parts of Camden's businesses and neighbourhoods. It will have a positive impact providing community surveillance across the borough. It will provide a much needed wildlife corridor linking Camley Street Nature Park and Regents Canal.

This is a huge opportunity for the Council to support a groundbreaking project, protecting and celebrating our railway assets to provide a much needed community space.

I hope that the council looks favourably on the planning application.

Kind regards,
Emma Bould
