

## **Job Profile - Senior Development Manager**

**Job Title:** Senior Development Manager

**Job Grade:** Level 5, Zone 2

**Salary Range:** £51,542 - £62,995

### **About Camden**

'Camden is building somewhere everyone can thrive, by making our borough the best place to live, work, study and visit. Because, we're not just home to UK's fast-growing economy. We're home to the most important conversations happening today. And we're making radical social change a reality, so that nobody gets left behind. Here's where you can help decide a better future for us all.

The primary purpose of this post is to help to deliver Camden's Community Investment Programme (CIP) and our plan to invest over £1billion in new council homes, schools and community spaces.

You will lead on the management and implementation of one or more complex CIP development projects, ensuring innovation, best practice and best value in commissioning and delivery. The post holder will be expected to deputise for the Team Leader and provide specialist professional support and advice to Consultation and Engagement Officers, Development Managers across CIP and officers from other parts of the Council and elected members.

### **About the role**

Example outcomes or objectives that this role will deliver:

- To manage and deliver a portfolio of development projects that require capital funding from a range of sources to fund the delivery of new and replacement affordable homes, schools and community facilities and to secure inward investment in existing housing to provide decent homes for Camden residents.
- To ensure opportunities are maximised to deliver on the Camden's Climate Action Plan to meet growing community needs and improve the educational attainment and employment opportunities of local people.
- To draft governance reports at key decision points for consideration by Project Boards and decisions from Executive officers and Cabinet Members.
- To develop and analyse feasibility options and present business case recommendations for the physical development and regeneration of Council sites.

- To liaise with other Council departments and ensure wider corporate objectives are considered throughout the life of a project, from inception to completion, developing innovative ways of delivering on the objectives in We Make Camden
- To lead the procurement and oversee the day-to-day management of development projects on site, ensuring the highest standards of design, innovation, sustainability and construction best practice are achieved.
- To proactively engage with local residents, community groups and businesses, and with key project stakeholders and elected members to ensure that full consideration is taken of the local needs and opportunities presented by new development.
- To manage and monitor project performance, and report on progress towards key project milestones and physical and financial targets, presenting key information to senior managers and elected members, where necessary.

#### **About you**

- Will have over 7 years construction, development or regeneration related experience and evidence of continuous professional development in these fields (at least 5 years).
- Thorough knowledge of town planning practice, development and land acquisition practice, and housing development standards.
- Knowledge of project management tools used to manage and deliver technically complex construction projects
- Strong negotiation skills applicable in different situations at various stages of a project and involving a range of stakeholders.
- Strong knowledge and understanding of procurement processes and construction contracts for delivering and managing development projects within a local authority context.
- Experience of running and interpreting financial appraisal models together with an in depth understanding of development finance and the pros and cons of different delivery options.
- Organisation and management skills to lead multi-disciplinary teams and independent contractors/consultants on technically complex projects.

- An understanding how regeneration initiatives can be used to address deprivation, access to services, issues around community safety and cohesion.

### **People Management Responsibilities**

- This post holder has a matrix management responsibility to oversee and coordinate the work of project teams which can include Development Managers and Development Officers, consultation staff, external consultants, agencies and partner organisations, particularly where the model to deliver is via a Development Agreement
- The post holder will have line management responsibilities for one or two team members: this could include Development Managers, Consultation and Engagement Officers and Development Officers.

### **Relationships**

- To work with a range of Business as Usual teams within the Council, Sales and Marketing and Asset Management Team, a range of external consultant and developer teams where the objective is to maximise the physical and financial benefits accruing to the Council from redevelopment of its land and assets.
- To liaise with the Borough's Planning and Legal services on matters of tenancy, planning and development legislation and land law. To ensure that all proposals, and all appointments, comply with all statutory and legislative requirements, and the Council's Standing Orders, Financial Regulations, Procurement regulations and other relevant procedures.
- Ensure effective liaison with residents, elected councillors, schools and community groups, Housing Management, Needs and Allocations, Housing Repairs, Home Ownership, Schools Property and Contracts, Community and Third sector team, Borough Valuers, Borough Solicitor and internal and external regeneration and funding agencies and partners.
- Generally, to develop and maintain ongoing partnerships and take a flexible approach to meeting outcomes and empowering colleagues.

### **Work Environment**

- Post holders are required to work flexibly from Council offices, on site, at home and at consultant's offices as necessary. They will be expected to attend evening and weekend meetings and to work directly with elected members, residents and the general public at consultation meetings, workshops and exhibition events.
- The job requires hybrid working, i.e. day or days spent in the office including attend building sites, participating in face to face consultation and conducting tours of sites with elected councillors and consultants. Whilst on site post holders will be expected to wear the necessary personal

protective equipment. Regular visits to sites around the borough including estates, schools and children's centres, as well as meetings in other offices will be expected.
