Public/Private Ownership
What is the current ownership status of the site?
○ Public ○ Private
<ul><li></li></ul>

## **Description of the Proposal**

Please note in regard to:

- Fire Statements From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- Permission In Principle If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

#### Description

Please describe details of the proposed development or works including any change of use

EWI (thinner profile aerogel for bay windows) & IWI (on one flank elevation only), top-up loft insulation, bay window roof flat roof insulation,

replacing existing windows to double glazed slim timber sash windows and doors, secondary glazing (curved bay windows only),  Decentralized MEV ventilation for all individual units, replace electric heater and boiler, LED lighting, French trench.
Has the work or change of use already started?
○ Yes ⊙ No
Further information about the Proposed Development
Please note: This question is specific to applications within the Greater London area.  The Mayor can request relevant information about spatial planning in Greater London under Section 346 of the Greater London Authority Act 1999.  View more information on the collection of this additional data and assistance with providing an accurate response.
Are the proposals eligible for the 'Fast Track Route' based on the affordable housing threshold and other criteria?
<ul><li>○ Yes</li><li>⊙ No</li></ul>
Do the proposals cover the whole existing building(s)?
<ul><li>✓ Yes</li><li>○ No</li></ul>
Current lead Registered Social Landlord (RSL)
If the proposal includes affordable housing, has a Registered Social Landlord been confirmed?  If the proposal does not include affordable housing, select 'No'.
<ul><li>✓ Yes</li><li>○ No</li></ul>
Please provide the organisation name of the current lead Registered Social Landlord (RSL)
London Borough of Camden Council
Details of building(s)

Planning Portal Reference: PP-11280107

are increasing in height as part of the proposal.
Building reference: No new building proposed Maximum height (Metres): 0 Number of storeys: 0  Loss of garden land  Will the proposal result in the loss of any residential garden land?  Yes  No  Projected cost of works  Please provide the estimated total cost of the proposal  Between £2m and £100m
Vacant Building Credit
Please note: This question is specific to applications within the Greater London area.  The Mayor can request relevant information about spatial planning in Greater London under Section 346 of the Greater London Authority Act 1999.  View more information on the collection of this additional data and assistance with providing an accurate response.
Does the proposed development qualify for the vacant building credit?  ○ Yes  ⊙ No
Superseded consents  Please note: This question is specific to applications within the Greater London area.  The Mayor can request relevant information about spatial planning in Greater London under Section 346 of the Greater London Authority Act 1999.  View more information on the collection of this additional data and assistance with providing an accurate response.
Does this proposal supersede any existing consent(s)?  ○ Yes  ○ No
Development Dates  Please note: This question is specific to applications within the Greater London area.  The Mayor can request relevant information about spatial planning in Greater London under Section 346 of the Greater London Authority Act 1999.  View more information on the collection of this additional data and assistance with providing an accurate response.

Please add details for each new separate building(s) being proposed (all fields must be completed). Please only include existing building(s) if they

Please add the expected commencement and completion dates for all phases of the proposed development. If the entire development is to be completed in a single phase, state in the 'Phase Detail' that it covers the 'Entire Development'.
Phase Detail: Entire Development
When are the building works expected to commence?: 2022-09
When are the building works expected to be complete?: 2023-03
Scheme and Developer Information
<b>Please note:</b> This question is specific to applications within the Greater London area.  The Mayor can request relevant information about spatial planning in Greater London under <u>Section 346 of the Greater London Authority Act 1999</u> .

redestrian and vehicle Access, Roads and Rights of Way
Is a new or altered vehicular access proposed to or from the public highway?  ○ Yes  ⊙ No
Is a new or altered pedestrian access proposed to or from the public highway?  ○ Yes  ⊙ No
Are there any new public roads to be provided within the site?  ○ Yes  ○ No
Are there any new public rights of way to be provided within or adjacent to the site?  ○ Yes  ○ No
Do the proposals require any diversions/extinguishments and/or creation of rights of way?  ○ Yes  ○ No

## **Vehicle Parking**

**Please note:** This question contains additional requirements specific to applications within Greater London.

The Mayor can request relevant information about spatial planning in Greater London under <u>Section 346 of the Greater London Authority Act 1999</u>.

 $\underline{\text{View more information on the collection of this additional data and assistance with \underline{providing an accurate } \underline{\text{response}}.$ 

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

Yes

⊗ No

Electric vehicle charging points
Please note: This question is specific to applications within the Greater London area.
The Mayor can request relevant information about spatial planning in Greater London under <u>Section 346 of the Greater London Authority Act 1999</u> .
View more information on the collection of this additional data and assistance with providing an accurate response.
Do the proposals include electric vehicle charging points and/or hydrogen refuelling facilities?  ○ Yes  ○ No
Trees and Hedges
Are there trees or hedges on the proposed development site?    Yes  No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  Yes  No
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Assessment of Flood Risk
Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.)  Yes  No
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?  ○ Yes  ⊙ No
Will the proposal increase the flood risk elsewhere?
○ Yes ② No
⊗ No
<ul> <li></li></ul>
<ul> <li>No</li> <li>How will surface water be disposed of?</li> <li>☐ Sustainable drainage system</li> <li>☑ Existing water course</li> </ul>

## **Biodiversity and Geological Conservation** Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site? To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals. a) Protected and priority species O Yes, on the development site Yes, on land adjacent to or near the proposed development ⊗ No b) Designated sites, important habitats or other biodiversity features Yes, on the development site O Yes, on land adjacent to or near the proposed development c) Features of geological conservation importance Yes, on the development site Yes, on land adjacent to or near the proposed development ⊗ No Supporting information requirements Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal. Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted. Your local planning authority will be able to advise on the content of any assessments that may be required. **Open and Protected Space** Please note: This question is specific to applications within Greater London. The Mayor can request relevant information about spatial planning in Greater London under Section 346 of the Greater London Authority Act 1999. View more information on the collection of this additional data and assistance with providing an accurate response. Open Space Will the proposed development result in the loss, gain or change of use of any open space? ○ Yes **⊘** No **Protected Space** Will the proposed development result in the loss, gain or change of use of a site protected with a nature designation?

YesNo

Foul Sewage		
Please state how foul sewage is to be disposed of:		
✓ Mains sewer  Septic tank  Package treatment plant		
Cess pit

Details of the pre-application advice received

As the properties are not listed, any internal works to the buildings would not require planning permission, such as secondary glazing, internal wall insulation and internal roof insulation.

Secondary glazing would generally be supported and would not require planning permission.

Double glazed windows, if the material and detail match the existing, these works do not require planning permission.

Planning permission required items:

External wall insulation to front and rear elevations

Ground source heat pumps

Air source heat pumps

Triple glazed windows

Mechanical ventilation with external manifestation to front and sides.

- You are advised to consider some element of renewable energy provision such as Solar PV panels. The rear slopes of the roofs could accommodate PV panels and not result in harmful impact on the character and appearance of the buildings.
- Insulation: you are advised to consider internal insulation throughout the building
- Windows
- o Secondary glazing would generally be supported and not require planning permission
- o slim double-glazed windows matching existing would generally be supported and would not require planning permission
- GSHP: generally supported and requires planning permission
- o Would require and Arboricultural Assessment and Noise and Vibration assessment for external elements of plant equipment (if any)
- ASHP: generally supported for heating only and requires planning permission accompanied by a Noise and Vibration assessment
- o The location of the plant should be away of the public views and be mindful of its position in relation to the host buildings and neighbouring amenity.
- Mechanical ventilation: generally not supported for domestic properties. You should consider maintaining natural ventilation and improvements to the building fabric which would not result in harm.
- Renewable energy: the proposal does not include provision of renewable energy which is expected for a deep retrofit. The rear roof slopes can accommodate PV panels without harming the character and appearance of the host building and wider conservation area. It is noted that these would be on the west facing elevation, however given the new technologies it is likely that even in this position there would be some improvement to the energy efficiency of the building.

### **Authority Employee/Member**

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.	
Do any of the above statements apply?	

✓ Yes✓ No

If yes, please provide details of their name, role, and how they are related:
