2022/1372/P	Sarah Louise Kavanagh	27/05/2022 17:05:52	OBJNOT	<p>I have two main concerns with the proposed plans to 145 Leighton Road; Rooftop Extension/work - I cannot see clearly from the proposed plans if my balcony would lose the sun daylight and also the noise and dust that would be created, that would obstruct me from using my own balcony in the summer months. I am already experiencing this from extension works going on to one of the houses in Torriano Avenue.</p> <p>The other concern is working from home and again the noise. I've experienced this many times previously from 149A, 151 upper - roof extension, and lower flat works, 147 Basement, Torriano Avenue works and so on. And with legally construction being able to start from 8am and on a Saturday, there never seems to be respite. I would appreciate come clarity.</p>
