Description of the Proposal

Please note in regard to:

- **Fire Statements** From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. <u>View government planning guidance on fire statements</u> or <u>access the fire statement template and guidance</u>.

Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

We propose to move the UKPN meter heads from cupboard located in the lightwell area. The cupboard is situated under the pedestrian walkway with only access via the lightwell area of 139 Grays Inn Road.

Once the meter heads have been removed, we propose to install the heads onto the party wall in the lightwell area shared with the neighboring property (141 Grays Inn Road). We will then be connecting the meter heads with the internal electrical equipment to ensure there is power to the property. This will be completed by installing external electrical cable at low level and cutting into the building to allow the services to pass through the external wall. The equipment will then be enclosed inside waterproof cupboard as per the drawings.
