2022/2169/P	Susan Rose Highgate CAAC	03/06/2022 12:49:30	COMMNT	Highgate CAAC notes the tree protection plan and the arboricultural report submitted but is concerned that no account is taken of the importance of the boundary trees in screening the site from the listed Waterlow Park . if the trees suffer harm the fact that the application is for temporary buildings will be irrelevant. More account also should be taken of the potential for damage to trees actually in the Park. We also feel that the 18 month schedule must be adhered to with no allowance for an extension.
