2022/1538/P	Elaine Bentley	02/06/2022 21:37:12	COMMNT	Keeping the bins is an essential requirement in keeping an environment clean, hygienic and free of vermin. They will also enhance the look of the area.
2022/1538/P	Michael McHale	31/05/2022 15:10:15	COMMNT	The village needs this desperately. The improvements made by the bvba have been amazing and this is the last piece in the puzzle
2022/1538/P	Richard Lagani	02/06/2022 08:57:46	SUPPRT	I am strongly in favour of approving the bins and The bin covers. The bins have been a huge part of the improvement of the local environment. The use of the bins has allowed the waste that would have been settled all along the top of the terrace along Belsize Lane to be removed and sourced in one location. Adding them as a permanent figure is a must if they he area is to thrive and grow. The bin covers would only further enhance the area.
2022/1538/P	Jay sisodia	02/06/2022 18:36:38	COMMNT	I live in Lyndhurst Gardens and in my opinion these bins are vital to keep the area clean and tidy. The area is so much better with them.
2022/1538/P	Alexander Grant-Said	02/06/2022 11:12:51	SUPPRT	I think the bin storage with living roof proposal is a very good idea - good to encourage bees and butterflies and will look much nicer for the area as a whole. Currently they are an eyesore - having a neat bin store will help local businesses and improve the overall look
2022/1538/P	Jonathan Hartland	02/06/2022 09:43:18	COMMNT	Would help with rubbish and foxes situation, as current plastic sacs do not do the job, and would be a pleasing aesthetic for the community square
2022/1538/P	Claire Weldon	02/06/2022 17:22:32	COMMNT	It makes total sense to create attractive clean spaces for the rubbish bins that are so vital to prevent rats and foxes digging in the garbage and making a ghastly unsightly and totally unhygienic mess. Collections have been less frequent which does not help in keeping garbage under control. We all have a real interest to keep our garbage tidy and safe from vermin which are increasing again in our area. This problem is everywhere and there are bins everywhere in the streets so a proper store is a step up.
2022/1538/P	Katie	31/05/2022 20:15:05	COMMNT	This would make the village look so much tidier
2022/1538/P	Carol	31/05/2022 14:33:17	COMMNT	Support
2022/1538/P	Jendrik Kurzke	02/06/2022 10:06:31	SUPPRT	Vital initiative to help make the village square cleaner. Great initiative.
2022/1538/P	JANE Rumble	02/06/2022 10:38:40	COMMNT	This will make a positive improvement to the look of the Square, ensuring it is kept clean and well looked after.
2022/1538/P	Richard powell	02/06/2022 10:39:39	SUPPRT	I support the application

2022/1538/P	Alan Lyons	02/06/2022 11:38:16	SUPPRT	I am in total favour of the bins 
2022/1538/P	Lee Markd	02/06/2022 11:58:33	COMMENT	Absolutely essential that we keep the bins. There are so many restaurants nearby and people eating in the square. We need to keep the area tidy and free from rodents.
2022/1538/P	Lee Markd	02/06/2022 11:58:35	COMMENT	Absolutely essential that we keep the bins. There are so many restaurants nearby and people eating in the square. We need to keep the area tidy and free from rodents.
2022/1538/P	Ellen Dahrendorf	02/06/2022 12:03:33	INT	We need these bins to keep the Village clean and to discourage local foxes. Especially important now with the street restaurant seating which is such a bonus for residents and local businesses.
2022/1538/P	Ellen Dahrendorf	02/06/2022 12:03:35	INT	We need these bins to keep the Village clean and to discourage local foxes. Especially important now with the street restaurant seating which is such a bonus for residents and local businesses.

2022/1538/P	Sam Patterson	02/06/2022 12:18:52	COMMENT	It is very important that bins are added in the village to reduce the amount of rubbish that ends up on the ground in the area.
2022/1538/P	Jo Macisaua	02/06/2022 12:22:42	COMMENT	Please can we keep the bins as they have been to ensure the clean state of Belsize Village. We all pay our taxes to with the view that everywhere is clean and free of pests. Thanks.
2022/1538/P	Francesca Agostini	02/06/2022 13:18:23	COMMENT	I live on wedderburn road and visit the village daily. I support this planning application as long as the Bambi Graffiti is preserved. The village has been clean of rubbish since the bins have been placed. They have avoided foxes bring messy with the bags. I hope the association can put some green roof on the structure to expand biodiversity!

2022/1538/P	Manjari Sengupta	02/06/2022 20:53:33	PETTINSUP P	The Belsize Village has become a really pretty place where everyone can relax and unwind with a neat and clean area to sit and kids to play. To maintain the cleanliness we really need the green roofs for the bins so they will be green and pleasant and will massively improve the aesthetic. So kindly approve of the same to maintain a healthy and pleasant neighbourhood. Thanks
2022/1538/P	Manjari Sengupta	02/06/2022 20:53:37	PETTINSUP P	The Belsize Village has become a really pretty place where everyone can relax and unwind with a neat and clean area to sit and kids to play. To maintain the cleanliness we really need the green roofs for the bins so they will be green and pleasant and will massively improve the aesthetic. So kindly approve of the same to maintain a healthy and pleasant neighbourhood. Thanks
2022/1538/P	Henrietta Goodden & David Thomas	04/06/2022 11:07:01	OBJ	The proposed location of the bin stores would obstruct the pavement and conceal the street sign and the Bambi mural. They would be better placed where the Belsize Society noticeboard is currently located. It could be moved nearer the square where it would also partially screen the bin stores. It might be necessary to move one of the bike racks closer to the others.
2022/1538/P	Elodie Peiron	02/06/2022 13:55:40	SUPPRT	I am in favour of those bins as really important to make sure that rubbish is disposed correctly and making sure that bins do not over flow or leak as it can lead to pest coming otherwise. Thanks !

2022/1538/P	Jane Lyons	02/06/2022 11:27:01	SUPPRT	<p>This is an absolutely essential application that has my full support. I have been a local resident for many years and have been delighted to see the regeneration of the square. Prior to these bins the square had a mound of rubbish bins that was disgusting. There were rats, foxes and foul leakages. I have three children and they were unable to play in the square as it was unclean and unhygienic. Now the square provides a wonderful clean space for children to play and there are children there a huge amount, many with chalks enjoying themselves.</p> <p>I very much like the idea that these bins will be covered with greenery like a living wall (as there will be planters over them). Having the planters in the village has really helped people's mental health. Being near greenery is so important and watching the plants grow year on year has given people a lot of pleasure. By making the planters green they will be a massively positive addition to the square and help the square be more green. It is wonderful that what was a deeply urban and disgusting space has been turned into a clean and much greener space that people now want to spend time in. The square has now become the community hub of the area, with young and old alike meeting and enjoying spending time together. The bins represent a critical part of the improvement of this area. Without the bins we would be back to a vile rubbish mound, rats, foxes and foul leakages in a heartbeat and a lot of the work that has been done by so many community volunteers would've been wasted. I fully support this bin application. I welcome the accompanying planters to make it green and I look forward to seeing this as yet another positive improvement for the square that feel like a very well-cared for Italianate Piazza. For those who still want to staycation they have somewhere beautiful on their doorstep to enjoy. For those with no outside space, they have somewhere green and gorgeous to enjoy the outdoors. For old, young and everyone in-between there is a much needed community space where people can exchange ideas, volunteer and help the community. The bins are critical to maintaining so much for so many.</p>
2022/1538/P	Louisa Martin	02/06/2022 09:38:29	COMMNT	These are essential to keeping the lovely community village area clean and tidy and would have a pleasing aesthetic. Please grant this permission as it is very important for our neighbourhood
2022/1538/P	Manola	02/06/2022 23:50:07	COMMNT	Useful to keep the square clean
2022/1538/P	Jennifer J	02/06/2022 10:16:33	COMMNT	Think these are essential and are required to make the area look clean and tidy.
2022/1538/P	Jennifer J	02/06/2022 10:16:36	COMMNT	Think these are essential and are required to make the area look clean and tidy.
2022/1538/P	Cristina Benavente	02/06/2022 12:15:13	COMMNT	Supportive of initiative

Application No:	Consultees Name:	Received:	Comment:	Response:
2022/1538/P	Jessica	02/06/2022 10:59:07	COMMNT	<p>A considerable contribution to the local area, both practically and aesthetically.</p> <p>The bins are an eyesore and invite unwanted pests and flies throughout the year. Creating a neat store will not only deter them, but with a living roof will attract birds, bees butterflies and other species that so beneficial to ecosystems.</p> <p>It will help to keep heat off the bins in the summer and mitigate any foul smells, allowing pedestrians to walk about the area freely and make the area more attractive.</p> <p>Bins are essential for keeping an area clean and litter free. But we have certainly moved on from having to walk past dripping, stinking bins! Since the bins cannot be relocated, the store with living roof is a clever solution that turns a community problem into a benefit.</p>
2022/1538/P	Cristina Benavente	02/06/2022 12:15:16	COMMNT	Supportive of initiative
2022/1538/P	Henrietta Goodden & David Thomas	04/06/2022 18:28:22	OBJ	The bin enclosures don't need a roof, it just makes them higher.
2022/1538/P	Jenny Fasal	02/06/2022 09:32:20	SUPPRT	<p>The bins are critical to keeping the village clean and smart and to prevent the absolutely filthy situation it was in previously</p> <p>There also will be a green roof for the bins so they will be green and pleasant as long as this consultation is successful.</p> <p>There is funding to make the bin store really beautiful which will massively improve the aesthetic.</p> <p>It's very important to note that the fact we have got rid of rats, foxes, foul leakages and all the yukky bin bags on the terrace is due to the bins. It is vital we keep them.</p> <p>This application has enormous support from residents and visitors who come to the area and are aware of how things used to be.</p> <p>I truly hope the council will confirm this application. After all, it's win win win all round.</p>
