Date (must be pre-application submission) 16/05/2022 Details of the pre-application advice received A formal pre-application request seeking feedback on the proposals (Ref – 2021/6236/PRE) was submitted in December 2021. A written response was received on 16th February 2022. The written response confirmed that the principle of the proposed change of use was acceptable in land use terms. However, a number of areas of concern were raised regarding the quality of the proposed residential accommodation, and it was noted that a traditional style shopfront should be developed. The pre-application advice also stated that the proposed extensions to the rear and side were acceptable in design terms. It confirmed that the proposal would not be required to provide a contribution towards affordable housing but that a Section 106 legal agreement would be required to ensure that the development was 'car-free'. The following issues were raised regarding the quality of the proposed residential accommodation: · Inadequate daylight and sunlight at ground and basement level; · Poor outlook from the rooms; · Potential privacy issues from the front and side windows; and • Cycle parking required to align with London Plan standards. As a result of pre-application discussions, the following changes have been made to the scheme: · Reduction in unit size from two bedroom to a one bedroom unit; · Removal of the basement from the scheme. The only change at basement level will be the removal of the existing ductwork; · Additional roof lights within the proposed single storey rear extension; and · Creation of external courtyard to provide external amenity space and to allow natural light into the hallway and bedroom. Overall, this planning application seeks to positively address all the points raised during pre-application discussions with the Council to provide a high-quality residential unit. Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority. Do any of the above statements apply? Yes ○ No If yes, please provide details of their name, role, and how they are related: \*\*\*\*\* REDACTED \*\*\*\*\*\*
