2022/1538/P	Kiran Katikaneni	07/06/2022 06:48:05	OBJ	<p>Good morning.</p> <p>I've recently started to rent a room here locally in Belsize Lane and I've been thoroughly impressed by the ambiance of the village. The village square no doubt is a key feature in restoring a sense of reassurance and conviviality to its users and any permanent changes of this nature are very likely to adversely affect the neighbourhood. These changes might affect the people's movement and a common place to meet and socialise, which should be the very point of a village square, especially post-Covid-19 and to continue to foster people's emotional wellbeing.</p> <p>I don't think these changes are in the best interests of the local people as well as the visitors to the area. Therefore, I'd like to urge planners to rethink and consult the users and consider their needs and wishes before going ahead with this project. Thank you.</p>
