Subject: NW3 6AA - tree preservation order

13 Arkwright Road
NW3 6AA

Good afternoon sir / madam,

We have a cherry tree that is under a preservation order at the front of the property.

The trees branches are extending across the pavement on the other side of our front wall.

Can you confirm the following -

A. The cherry tree is sill registered under a TPO.

B. If we want to prune back the tree away from the pavement that we need planning consent?

C. As we are only pruning back, Can i request consent using this email?

Thank you in advance for your help,

Carlo Castronovo
