Patrick Marfleet
Senior Planning Officer

The majority of Council staff are continuing to work at home through remote, secure access to our systems. Where possible please communicate with us by telephone or email.

[EXTERNAL EMAIL] Beware – This email originated outside Camden Council and may be malicious Please take extra care with any links, attachments, requests to take action or for you to verify your password etc. Please note there have been reports of emails purporting to be about Covid 19 being used as cover for scams so extra vigilance is required.

Dear Mr Marfleet, I have just seen this and cannot believe that the idea is to send all the lorries down Lambs Conduit st. This street has taken many years to build up into a nice shopping area and a place for the local community to gather with some very important services like doctors, chemists, supermarket etc, which is very important for the elderly and disabled who cannot walk very far. or have any problems like asthma etc

The dust will be horrendous and with roughly a schedule for 5 years can you imagine the impact on everything in the street. [REDACTED] and walk through this street twice a day and would certainly not go anywhere near as I am an asthmatic..

I understand and am very happy that the children's hospital is going to be rebuilt but this idea of going through Lambs Conduit st is terrible especially when there is another option.

I Look forward to your reply or hearing any more information.

Kind Regards

Mrs Sandr Turner
