Subject: 2022/2460/T - TREES APPLICATION - HABITAT OF PAIR OF TAWNY OWLS - GARDEN OF 30 CHESTERFORD GARDENS

Sirs

I overlook the trees in question.

Please be aware that the trees in the garden of 30 Chesterford Gardens have for many decades been the nesting habitat for pairs of Tawny Owls therefore THE TIMING and EXTENT of any tree work should take this into account.

Regards
Prof H McCarthy
