Dear Mr Marfleet,

I am writing to you in horrified response to the news that GOSH are insistent to keep to their original route plans for the endless trucks that will be coming and going to the site over the next FIVE years.

I urge you to step in and insist that GOSH change their route to avoid Lambs Conduit Street, Great Ormond Street and Boswell Street. These are narrow streets and cannot sustain such heavy work traffic.

I and countless others live and work here and the current plans will makes all our lives UNBEARABLE.

I am shocked to learn that in addition to the pollution dust and dirt along the proposed route , trees will be felled and residents parking bays removed.

I urge you and your fellow councillors who have any ounce of compassion to step in to prevent this happening.

Pauline Buck-Evans
