2022/1582/P	Matthew Williams	13/06/2022 09:06:41	COMMNT	<p>Dear Nathaniel Young 2022/1582/P ç 33 Bedford Row, WC1R 4JH</p> <p>With regard to the above planning application I would like to point out that the location effected adjoins residential properties which overlook the flat roof area and bedrooms look out onto it.</p> <p>It is therefore vital that appropriate noise abatement and containment measures are implemented. Measures are proposed: these need to reflect the location and the amenity rights of local residents.</p> <p>Yours sincerely Matthew Williams 9 The Old School 13 June 2022</p>
2022/1582/P	Roderick Smith	12/06/2022 16:27:03	COMMNT	<p>I have read the planning application for the removal of existing plant and equipment at 33 Bedford Row, and its replacement with new plant.</p> <p>I note that noise reduction measures are proposed and write to ask that Camden will ensure any noise abatement measures are implemented effectively.</p> <p>The flat roof location immediately adjoins residential properties with bedrooms which overlook that flat roof area, and it is essential that appropriate noise abatement and containment measures are implemented.</p> <p>Indeed my main bedroom is directly on a level with that flat roof, and I wish to ensure any intrusive noise is minimised.</p> <p>Please acknowledge that you will ensure appropriate measures are enforced.</p>
