This architectural floor plan illustrates the proposed renovation for the Master Bedroom and Master En-suite. The plan includes the following details:

- Master Bedroom:**
 - Glazing:** Existing secondary glazing is to be removed and replaced with modern slimline secondary glazing. Window shutters are to be carefully adjusted to ensure proper operation with the new replacement slimline secondary glazing.
 - Wardrobe:** A new fitted wardrobe is proposed, stopped short of the existing cornice to be retained.
 - Doors:** Existing panelled doors in this location are to be reused and relocated to the ground floor opening.
 - Walls:** A new pocket wall is proposed.
 - Ceiling:** The existing ceiling rose is to be retained.
- Master En-suite:**
 - Dimensions:** The room is divided into sections with dimensions: 'eq' (equal) for the top and bottom sections, and 'be' (bedroom) for the central section. A central section is marked as 'centred' with a width of '1300'.
 - Fittings:** Existing fittings and finishes are to be replaced.
- 1F Landing:** The landing area is shown with a staircase and a door leading to the Master En-suite.

PLEASE NOTE:
new low profile and lightweight underfloor heating and new
engineered timber floor finishes to be installed as a floating floor
finish throughout (therefore reversible).
to be installed above original existing floorboards (if any) to be
retained and protected with a rubber matting layer at this level.

Notes: DO NOT SCALE FROM THIS DRAWING.
USE FIGURED DIMENSIONS ONLY. ANY DISCREPANCIES ARE TO BE REPORTED TO ATELIER WEST IMMEDIATELY.
FIGURED DIMENSIONS NOTED AS 'SITE' ARE TO BE CHECKED AND CONFIRMED BEFORE EXECUTION OF THE WORKS ON SITE.
ALL FIGURED DIMENSIONS ARE TO BE VERIFIED ON SITE BEFORE ANY WORK IS PUT IN HAND
