The Council has considered your application and decided to grant consent subject to the following condition(s):

Reason: - As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

- 2 No advertisement shall be sited or displayed so as to
 - (a) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);

Informative(s):

- 1 Reasons for granting permission/consent-

The proposal is for the display of 1x externally illuminated fascia sign and 1x externally illuminated projecting sign. The proposed signage is considered to be acceptable in terms of its size, design, colour, materials, positioning, fixing method and illumination. Externally lit by trough lighting, at 250cd/m², the fascia sign and projecting sign would have suitably low luminance levels.

The signage would not be harmful to either pedestrians or vehicular safety in accordance with the Camden Planning Guidance, nor would it have any adverse impact on neighbouring amenity. Furthermore, the proposed signage would not obscure any significant architectural features or otherwise visually harm the appearance of the host building or wider commercial area. As such, the proposal is considered to be acceptable.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received.

As such, the proposed development is in general accordance with policies D1 and D4 of the Camden Local Plan 2017, the London Plan 2016, and the National Planning Policy Framework 2019.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
