Good morning,

I am writing to support the granting of the above planning application. During late 1990s and onwards for 20 years I was frequent business traveller to New York and saw the genesis and opening of the New York High Line and walked it on many occasions as it was progressively extended. I saw at first hand how it transformed Chelsea and other mid-town New York Districts and the same result can be achieved in Camden and King's Cross as well as preserving part of our transport heritage. In addition, the visitor traffic it will generate will create local business opportunities for cafes, restaurants and shops. It's building will significantly enhance Camden as an attractive place to live and work.

Yours sincerely,

Richard Briffett
