Hi there,

I am a local Camden resident living near the Brunswick Centre and I am horrified by the proposed development at Great Ormond Street. It is a conservation area and the building is totally out of keeping with the historic nature of the area. The development is going to have a major negative impact on the area in terms of noise, dirt, deprivation of light as well as a negative impact on local businesses which are still struggling post pandemic.

All the best and thank you for your time,
Matilda Allison
