I have lived and run a retail business [REDACTED]
I believe that the preposed development of Great Ormond Hospital is too big ,too disruptive and a great concern to the local residence and businesses .
The size of development and the lengthy disruption which will obviously happen is out of proportion to the benefits .
The reported number of lorries driving through this densely populated area over the 5 years of preposed development is wrong .
How any one thinks this is a reasonable proposal in this day and age I can not believe. The pollution in any built up area is bad , but in a hospital, school and residential area it is way beyond crazy!!!
