2022/2019/P	Saira Howe	16/06/2022 16:10:09	SUPPRT	This is a great, well thought out scheme which makes great use of a an otherwise underused facility.
2022/2019/P	Rich White	18/06/2022 15:56:40	SUPPRT	As a new local business owner, resident, and long time long time lover of Camden Town I fully support the Highline project.
2022/2019/P	hilary english	20/06/2022 09:37:33	COMMNT	I think the camden highline project is a brilliant idea. It will be such a great place to walk, enjoy the flowers and nature. It will improve the environment and local eco systems. Enhance the local area to live in and for business. Improve health and wellbeing of residents workers and families and visitors.
2022/2019/P	Dr Rich Ferrie	16/06/2022 13:09:18	SUPPRT	I write in support of this application which will create a hugely valuable addition to local amenities, attracting additional footfall and trade into the area, sustaining and creating jobs, and providing enhanced sustainable connectivity and leisure opportunities. This project will transform an unsightly and derelict asset into a highly visible and attractive aspect of Camden's infrastructure and I strongly commend this initiative.
2022/2019/P	Henry Conlon	16/06/2022 13:34:01	SUPPRT	The Camden Highline is the most exciting thing to happen to our Borough in my lifetime. The thought that this vein of open space can pass through the heart of our communities is beneficial to all of us. Not only will the Highline increase or wellbeing it will give us some much needed escapism from the hustle and bustle of the streets below. A safe haven away from from traffic shall be created. I've been to the NYC Highline and I see families and couple watch the sunsets from vantage points they never previously had. A place to stroll or jog along or simply to sample the aromas of fresh fauna carefully planted around us. Tourism shall be boosted, the economy will benefit and jobs shall be created. It's a big YES from The Dublin Castle music venue. The Highline will be a great addition to Camden for it's residents, it's workers and for it's visitors.
2022/2019/P	Ashok Parekh	16/06/2022 16:05:40	SUPPRT	Highly supportive of this project, would like all three phases to go ahead.
2022/2019/P	Marlene Winfield	16/06/2022 18:49:11	COMMNT	I am in favour of the Highline. It will be a wonderful resource for the communities along the route and for visitors, joining the well-used canal route. It will bring people into the area and create opportunities for nearby shops and restaurants, as the New York highline has done. I strongly hope though that bicycles will not be allowed.
