2022/2021/P	Deborah Jaffe	23/06/2022 14:31:11	COMMNT	<p>Whilst there are no drawings/plans available it is impossible to envisage exactly what is proposed in design, materials etc. However, it is concerning that this is an application for an additional storey on one house within a terrace, where there are no other such extensions. Recent developments for an extra storey in Elliott Square, which this property borders, have been for the extra storey on all the houses in the terrace row. This has produced a uniformity in design.</p> <p>As such the development in this application will be unsightly, be detrimental to the overall look of properties on the Chalcots Park Estate and could set an unfortunate precedent. The additional storey would also overlook the houses and gardens of some of the properties in Elliott Square that back onto it. As the application now stands I would be opposed to any such development.</p>
