Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Grant of Non-Material Amendments to planning permission

Address:

Space House
45-59 Kingsway
London
WC2B 6TE

Proposal: Amendments (changes to areas of demolition to tower lightwell) to planning permission 2021/1058/P dated 30/09/2021 which itself varied 2019/2773/P dated 26/11/2019 for the removal of existing roof plant equipment at 1 Kemble Street and erection of a single storey facsimile floor plus one setback floor; removal of roof plant from 43-59 Kingsway and erection of a single storey set-back extension; removal and replacement of the glazing to the existing enclosure of the southern external stair on Kingsway and new glazing at ground floor level across the site; enclosing the redundant petrol filling station area with slimline glazing; facade cleaning; new landscaping and public realm works and internal alterations to both buildings in connection with their refurbishment and change of use from Class B1 offices to Class A1/A3 and flexible Class B1 office / Office and events space (sui generis) at part ground and basement levels

Drawing Nos:

Superseded drawings:

18077-SQP-ZZ-M1-DP-A-PL01005 Rev B, 18077-SQP-ZZ-01-DP-A-PL01006 Rev C,

18077-SQP-ZZ-RF-DP-A-PL01021 Rev E

The Council has considered your application and confirms that the proposals are acceptable as non-material amendments to the planning permission set out above.

For the purposes of this decision, condition no.2 of planning permission 2021/1058/P shall be replaced with the following condition:

REPLACEMENT CONDITION 2

The development hereby permitted shall be carried out in accordance with the following approved plans:

Existing drawings

18077-SQP-ZZ-ZZ-DP-A-PL00001 rev D, 18077-SQP-ZZ-B2-DP-A-PL00002 rev A,

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

1 Reasons for granting permission

Permission is sought for amendments to the previously approved proposals to allow for the removal of the Tower mixed mode ventilation duct brickwork (Mezzanine Level, and between Levels 01 -14). It is proposed that the outer brickwork layer at Mezzanine Floor Level will be removed, whilst the outer and inner brickwork layer on Levels 01 - 14 will be removed. This will allow for new reinforced concrete (RC) slabs to be installed at Mezzanine Floor Level and Levels 01 - 02, and RC beams to be connected from Levels 03 - 14. The RC wall behind the brickwork will be retained.

The proposed amendments are required to reflect discoveries made on site during the construction process which require changes to the previously approved drawings to allow the build out of the approved scheme.

A heritage note accompanies the application which concludes that the discovery of the ventilation duct brickwork on site - which was not previously known to exist - is of no historic or architectural interest. The heritage note states that the brickwork is simple and forms part of the basic construction of the building rather than forming a visible finish or fixture within the building's interior. As such, the proposals would

cause no harm to the listed building and there would be no impact to the building's special interest.

Camden's Conservation Officer agrees with this conclusion and does not consider the removal of this fabric to harm the significance of the building, nor would there be any impact on the character and appearance of the Kingsway Conservation Area. The interiors of the building were originally designed to be flexible for the sake of commercial use and have since been extensively refurbished; therefore there is little of significance internally. The removal of these areas of fabric would not harm the significance of the building.

It has been agreed with Camden's Conservation Officer that a photographic dossier, including the location of the elements noted on plans, shall be compiled, collating and recording all the relevant site findings during the on-going construction phase.

The proposed amendments are considered to be non-material as they do not change the nature or description of development; do not change the application site area, increase the height of the building or result in changes to external details that would materially alter the appearance of the building, materially compromise the overall design of the building or materially impact on the character and appearance of the adjacent Conservation Areas; do not materially change windows or doors in any elevation facing any neighbour which may raise issues of greater visual intrusion, loss of light or feeling of enclosure; and do not materially impact on any neighbours or other statutory and non-statutory bodies.

Given the nature of the application as a non-material amendment to a previously approved scheme, no neighbour consultations were undertaken. The site's planning history was taken into account when coming to this decision. The full impact of the proposed development has already been assessed by virtue of the approved scheme reference 2021/1058/P dated 30/09/2021.

- 2 You are advised that this decision relates only to the changes highlighted on the plans and set out in the description and shall only be read in the context of the substantive permission granted on 30/09/2021 under reference number 2021/1058/P and is bound by all the conditions and obligations attached to that permission.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.

Yours faithfully

Daniel Pope

Chief Planning Officer
