2022/1536/P	Weng Yew Ho, Yi-Ching Ng and Chang Shen Ho	26/06/2022 10:24:01	COMMNT	The proposed rear extension as represented in the drawings appears to be incongruous and unsympathetic with the design of the 19th century building. If the erection of this extension is allowed to go ahead, with the materials proposed (aluminium frames and tiling), it would interfere with look and feel of the communal garden which all the residents of Maxwell Court share. It is hoped that the proposed design of the rear extension can be reviewed to be more fitting and sympathetic to the overall design of the building. Thank you.
