2022/1662/P	Monica Baron and family	25/06/2022 17:12:58	OBJ	<p>We own the house right next door to this proposal for a balcony/ terrace extension, and new walk on roof. We believe this proposal would remove our existing privacy.</p> <p>Our living room is currently not at all overlooked by the existing next door balcony /terrace. The proposed extension, however, would create a totally new scenario where people on a next door terrace could easily and directly look into our living room which they currently can not. This would totally alter the privacy we have enjoyed for 20years. It would impact our work and life on countless levels.</p> <p>It would also create concerning new security issues.</p> <p>Our neighbours; current balcony/ terrace is set back from our property and garden. The proposed extension would bring a terrace right up to our garden. Anyone standing on it would effectively be standing over us where we, amongst other things, enjoy outdoor meals.</p> <p>Both our neighbours; and our, balconies are currently set back. The current design gives all of us privacy in our living rooms and, to a considerable extent, on our balconies and gardens too. I have nothing against my neighbours who seem wonderful but I am totally opposed to this proposal. I really hope we can find an amicable solution!</p> <p>Yours Sincerely Monica Baron and family</p>
