There will be no garden left.</p> <p>This is an extension of an extension which, reduces my amenity, my light, makes more noise and likely to set an unwarranted precedent not supported by the Camden Square Conservation Area Appraisal and Management Strategy, as quoted below.</p> <p>¿Private rear gardens quietly add to the quality and biodiversity of the area. The gardens are almost all hidden from the street, glimpses to green space hidden behind and between buildings are precious and add to the quality of the area.¿</p>
