2022/2353/P	Jacqueline Prooth	24/06/2022 11:33:28	COMMNT	<p>Having, read the documentation that relates to this project in particular my concern is the down marketing of the area. There is nothing that is of value.</p> <p>The underlying problems related to the development are bad enough to put a hold on it's development but to add this will make the immediate area even more shoddy than already inflected by the developers and Council Planning.</p> <p>Please give this some thought and think of the residents in the surrounding area hwo are suffering from this blight.</p>
