Subject: Eileen: Comments on Dartmouth Park Tree Applications. 29/6/22

Dear Planners and Tree Officers,

List 690

2022/2510/T. 9 Grove Terrace

I do not object to the crown reduction of T2, this magnificent veteran Pear. The owner is concerned that as the roots are beginning to lift, that the tree may fall in a southerly direction. Hopefully the reduction in weight of the crown will prevent this.

I do not object to the felling of T1, the Hoheria. It has outgrown its space and is excessively shaded by the Pear and neighbouring trees. I support its replacement by a smaller species.

Thank you,

Eileen Willmott
