Hi Matt,

Sorry I didn't back to you on this. I've been through the details and the planting plan is of high quality and is suitable for the space. An irrigation system appears not to be proposed but the maintenance plan is comprehensive.

Please let me know if you want more detail.

Thanks

Hi Nick,

[51-53 Hatton Garden: 2021/6068/P](#)

I hope all is well with you. May I pester you for a chat about the landscaping (roof level) at 51-53 Hatton Garden, ref: 2021/6068/P

They have provided details of planting and maintenance etc and wanted to make sure you are happy with the species they've proposed and how they're going to look after them.

It's an approved roof top terrace with seating and planter boxes etc, but in order for it to look good I want to ensure they have the correct approach to putting it in and looking after it long term.

(FYI - I thought I had e-mailed you via M3, but I'm not sure that worked, so I am sending this as consultation).

I will be in the office tomorrow, if you're around? Otherwise, hopefully catch up soon ish.

Kind regards,
Matt
