The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:
DR-B-2200-S2-P02, 228021-FCG-ST-XX-DR-B-2000-S2-P01, 228021-FCG-WI-EL-DR-B-2200-S4-P01, 228021-FCG-MB-DE-DR-2400-S4-P02, 228021-FCG-WI-EL-DR-B-2201-S4-P02, Design and Access Statement Report ref 228021-FCG-XX-XX-RP-B-0435-S2-P02, TYPICAL CASEMENT SLIMLITE WINDOW OUTWARD OPENING, TYPICAL SPIRAL BALANCE SASH SLIMLITE WINDOW, TYPICAL WEIGHT BALANCE SASH SLIMLITE WINDOW.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

The proposal is for the replacement of the single-glazed sash and casement window frames to all elevations by identical double-glazed ones to improve the energy efficiency of the building.

The use of timber for the frames is considered sustainable in environmental terms and respectful of the historic character and architectural integrity of the host building. The replacement frames would be fitted into the existing openings and are to be like-for-like, identical in style, design and proportions, such that there would be no discernible difference to the appearance of the elevations. Therefore, it is considered that the proposed windows would preserve the character and appearance of the host property and the wider area.

The proposed replacement windows by their nature would not cause any adverse impacts on the amenity of adjoining residential occupiers in terms of loss of light, outlook or privacy.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1 and D1 of the Camden Local Plan 2017 and Policy 2 of the Fortune Green Neighbourhood Plan. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

- 2 Your proposals may be subject to control under the Building Regulations
