Informative(s):

- 1 Reasons for granting permission/consent-

The proposed signage is considered to be acceptable given the size, design, materials, location, and lack of illumination. The sign would therefore preserve the street scene and wider character of the Charlotte Street Conservation Area, and is acceptable.

The sign would not be harmful to either pedestrians or vehicular safety in accordance with guidance given its size and lack of illumination.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1, D2 and D4 of the Camden Local Plan 2017, the London Plan 2021 and the National Planning Policy Framework 2021.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
