Subject: PROBLEM TREES ON THE BOUNDARY OF THE GARDEN 35 BELSIZE SQ

To whom it concerns:

SOME ASH TREES TWO LAURELS AND A LIME TREE

Thank you for the letter the council sent.
I have been trying to get through to your department who's has proven
impossible!,

Because I live in the basement flat I am very affected by these trees:

Firstly we can manage the **laurel** ourselves though because of the pandemic I
have not had anyone to cut them back so they have become unmanageable for
the usual pruning so they do need
We don't want them removed **they are vital**
Screening.

THE ASH TREES ARE A PROBLEM:
THEY ARE TWICE THE SIZE OF THE HOUSE AND **ARE UNSTABLE.**
THEY SHOULD BE TAKEN OUT COMPLETELY.
PLEASE CAN THIS BE ARRANGED?
AND WHEN CAN IT BE DONE
(As well as pruning the laurels)?

Please will you get back to me as soon as possible.....

All best wishes,
Elisabeth Fishman McDonald
