Details of the pre-application advice received

At this stage pre-application advice was sought only for the roof level terrace. We proposed four different options at that stage. The design has been slightly adapted but the design principle has remained the same. The conclusion of the response was:-

'The proposal for a winter garden extension on the rear terrace would not result in significant harm to the character or appearance of the Conservation Area or the visual quality of the townscape. Additionally, subject to complying with the guidelines relating to light, and the use of obscure glazing at the sides, the proposal should not result in any significant loss of amenity for any neighbouring occupiers. Should you decide to proceed with a planning application then please supply further details of the materials of the proposal and as the site is within a Conservation Area, please submit a Design & Access Statement (in addition to existing and proposed plans and elevations).'

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
