Subject: Re: Planning and advertisement consent applications - 2022/1696/P & 2022/0895/A - 142
Southampton Row

Dear Tony

As requested please find attached revised drawings Existing and Proposed Part Plans and Elevations with additional security specifications added. Also attached is a revised ATM fascia detail drawing.

ATM Fascia Mirrors

Pin Guard Protection

Pavement Privacy Markings.

Have been added

Cashpoint Currency Exchange are installing CCTV and Additional Lighting.

We are unable to install ATM Anchors as there is a basement and the ground floor is not strong enough for

Anchors to be installed.

There is no room to install an ATM Secure enclosure room.

I hope that without ATM Anchors and a ATM Secure enclosure room that these applications can proceed to approvals.

Kind regards

Desmond Ager
