Hi Tony

Thanks for the email and confirmation that double glazing on the extension will be acceptable but that the new and replacement windows at the side/front (i.e. 'Queen Anne' style window and side window annotated as having a new aperture) should be single glazed. I can confirm this.

Please note that the client intends to provide details of windows by condition at a later date please, so that a decision can be issued.

Appreciate if you could confirm receipt of this email and when you think a decision may be able to be issued by?

Regards
