The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely

as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017 and Policy DH2 of the Highgate Neighbourhood Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

20-011-01 sheet: 1 of 4, 2 of 4, 3 of 4 and 4 of 4;

20-011-02A sheet: 1 of 5, 2 of 5, 3 of 5, 4 of 5 and 5 of 5;

Basement Impact Assessment by Soils Limited, 18781/BIA/Rev1.03, received October 2021, Campbell Reith's audit report revision F1 dated October 2021.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 4 The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the local planning authority prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with the requirements of policies D1, D2(if in CA) and A5 of the London Borough of Camden Local Plan 2017.

- 5 The basement development shall be constructed in accordance with the method and recommendations set out in the following documents:

Basement Impact Assessment by Soils Limited, 18781/BIA/Rev1.03, received October 2021, and the recommendations set out in Campbell Reith's audit report revision F1 dated October 2021.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with the requirements of policies D1, D2 and A5 of the London Borough of Camden Local Plan 2017 and Policy DH7 of the Highgate Neighbourhood Plan 2017.

- 6 Prior to the commencement of any works on site, details demonstrating how trees to be retained shall be protected during construction work shall be submitted to and approved by the local planning authority in writing. Such

details shall follow guidelines and standards set out in BS5837:2012 "Trees in Relation to Construction". All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the approved protection details.

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of policies A2 and A3 of the London Borough of Camden Local Plan 2017.
