2022/1085/P	Francoise Findlay, member of BCAAC committee and Elsworthy Residents Association	08/07/2022 20:08:40	COMMNT	The removal of two lightwells is an improvement on the original permission. A condition that the staircase access to the basement which is sited at the far end of the garden, by the Primrose Hill boundary, should have lighting only activated by sensors is imperative. if this condition is not imposed the potential for light pollution for neighbouring properties would be a serious nuisance.
