All windows have to be obscured and all windows must be changed so they don't open out. They have already disobeyed planning. We were meant to receive hard copy plans through the post and never did. I object to this whole project.                 |
| 2022/1974/P            | Ingrid Lyras            | 07/07/2022 07:29:33 | COMMNT          | I object about any glass not being obscured fully. No doorways should be added. We are already overlooked. They can see into our bathroom and childrens bedroom so no obscure glass can be removed to any extent. Planning also states that they can't have doors/windows opening out and they already do. I fully object to everything they are suggesting. |
