Job Title: Climate Change Alliance Lead

Job Grade: Level 4 Zone 2

About Camden

Camden is building somewhere everyone can thrive, by making our borough the best place to live, work, study and visit. Because, we're not just home to UK's fast-growing economy. We're home to the most important conversations happening today. And we're making radical social change a reality, so that nobody gets left behind. Here's where you can help decide a better future for us all.

Camden concluded the first climate emergency Citizens' Assembly in the country because we believe that tackling the climate crisis means us all taking decisions and action together. The Climate Action Plan for Camden responds to the views of the Citizens' Assembly and wider community by defining four vision statements for the themes of People, Places, Buildings and Organisations to shape Camden's climate programme, to help mitigate the causes of climate change and adapt to the impacts in Camden.

The Business Climate Challenge project will involve working with Business Improvement Districts to identify over 50 businesses for energy efficiency audits and supporting them to identify finance to deliver the recommended building improvements.

You will also oversee the delivery of a new "Climate Connectors" project which will match businesses with community groups and schools to direct private investment towards local environmental projects.

Alongside these two key projects, you will also oversee the Climate Change Alliance's engagement and communications strategy, including hosting events, publishing newsletters, and building and maintaining relationships with new and existing Climate Change Alliance members and support for schools in delivery to schools.

About you

- Good understanding of climate practice in an inner London location
- Experience of working with business, community groups and schools
- Excellent communication and project management skills
- Ability to manage conflicting priorities, handle a busy workload and meet frequently changing deadlines
- Relevant degree or professional qualification.

Over to you

We're ready to welcome your ideas, your views, and your rebellious spirit. Help us redefine how we're supporting people, and we'll redefine what a career can be. If that sounds good to you, we'd love to talk
