2022/1874/P	Paul Kafno	11/07/2022 16:50:03	COMMNT	Extending the north facing side wall of 33 Dartmouth Park Avenue would exclude light currently falling on 33A and would create a much darker side entrance to the garden. The existing side window in the main body of the house would become three windows in the new sidewall extension and would directly overlook the side entrance to 33A
