Hi Jenna

I understand there is meeting arranged tomorrow with the licensing officers.

Pictures on the ground today

Photo 1 Attempting to cross the Terrace from the pavement with a shopping trolley to post a letter

Photo 2 Nudging through between the existing bins and the bikes on the pavement from the bus stop to Belsize Crescent

Photo 3

The obstacle course awaiting over the zebra

Dear Richard,

Thank you for your email.

I can confirm we have received your comments on the above application and that they are recorded on our internal system. Unfortunately, there has been a technical issue in putting them on the website but I can assure you that they will be uploaded tomorrow.

Sorry for the inconvenience.

Many thanks, Jenna

Dear Richard

It has come to my attention that some objections to 2022/1538/P have not been recorded.

I would be grateful if you could determine that the following objection, filed on June 11-22, has been registered and recorded, and ensure that the comments contained therein will be taken into account when officers and councillors consider the application

Thank you

Richard Fletcher

I support the strong objection, observations and comments made by Ms Caplan. Ms Caplan is chairperson of a group of local residents, The Friends of Belsize Village Committee, who are working actively with Camden Licensing in a committee set up by LB Camden Licensing to oversee the operation of the Streatory.

The application is for a permanent construction but the License for the Streatory is a temporary 3 year License which may at any time be revoked for any reason the Licensing Officers may see fit. The application is quite clearly premature and not in keeping with the Licensing conditions. Moreover the Members Briefing Pack on PP 4413 under section 3.3 states that the present temporary arrangement could stay in place but only as long as the Streatory License is valid. This report makes it very clear that this location should only be used as a temporary solution and is far from ideal 4.5

The observations made in Ms Caplan's submission makes plain the quite hopeless practicality of the new bin construction in the proposed location. It reinforces the urgent need for LB Camden Planning and Licensing to employ a professional independent Urban Street designer to propose a scheme for the Terrace, including the siting of the benches and planters, and propose a suitable permanent location for the bin store.

The applicant is clearly not qualified or empowered to suggest a permanent location for the bin store. It is untimely, is contradictory (it is in conflict with the temporary license) and the proposed site is most clearly unsuitable; it restricts/prevents access along an already crowded public pavement and further threatens those with mobility issues, mothers with prams etc. A Health and Safety Audit would reveal its shortcomings

The applicant should be requested to withdraw it, or alternatively, LB Camden Planning must refuse it
