2022/2019/P	Helen Janeczek	12/07/2022 14:20:11	SUPPRT	I support this application since I think the Highline will contribute to the amenity of Camden in an area where there is no large park and few small public parks. However, there appears to be no provision for public toilets which I think are very important for the families, disabled and elderly people who would benefit from using this walkway.
