Informative(s):

- 1 Reasons for granting permission/consent-

The proposed non-illuminated fascia sign is considered to be acceptable given the size, design, materials and location. The A-board sign will be placed on the shop's forecourt. The signs would therefore preserve the street scene and wider character of the South Hampstead Conservation Area, and are acceptable. The signs would not be harmful to either pedestrians or vehicular safety in accordance with guidance given their size and positioning.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy D4 of the Camden Local Plan 2017, the London Plan 2021 and the National Planning Policy Framework 2021.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
